Yearly List of Duties

If you are a Committee Chair or officer and have not filled out your yearly list of duties, it is overdue and needs to be filled out ASAP. We will be using this to revamp the duties of the Co-President/President. These should be turned in to Deborah Henninger. If you are not sure what to fill in, ask for an example. These also need to be tweaked throughout the year, if you think of something that had not been included; it's an ongoing process. This will facilitate any leaders following in your footsteps. THANK YOU!

Aging in Place and Next Steps Program Wrap Up

On Jan. 13 at Port O'Call Restaurant in Kewaunee, HCE hosted a speaker talk following a lunch on own for attendees about Aging in Place and Next Steps, by Melissa Konop, Information & Assistance Program Manager at ADRC of the Lakeshore.

Melissa wisely brought materials and spoke about resources the ADRC can provide which included a handbook entitled Falls Prevention, Dementia Resource Guide, ADRC of the Lakeshore Resource Guide for Adults Over 60 and Adults with Disabilities, brochures about the Transportation Program in Kewaunee, and the Nutrition program. Another brochure contains information about the Prevention Programs Schedule for Kewaunee & Manitowoc counties in 2022, and a one-page handout Enrolling in Publicly Funded Long-Term Care Programs. The booklet formerly known as the Senior Scene is now called Aging & Disability Resource Connection, and finally a welcome letter about the ADRC stating their mission and contact information. Residents can call and sign up to receive the Aging & Disability Resource Connection at 1-877-749-7083.

After Melissa spoke about the programs and services offered; she took questions and comments from the audience. We learned about Meals on Wheels, and transportation options, ADRC resources and areas where volunteers are needed in the county.

The ADRC core services are about care needs and resources, for a wide range of people in almost all ages. As Melissa stated, from 5 to 105 years of age. That pretty much covers everyone!

We were given a few extra bags of materials so if interested please contact me, or call the ADRC at the number above to find out how they can help you.

Newsletter News

Program facilitators—I'd like a wrap up of programs, how many attended and a little of what you learned to include in the newsletter. Since I facilitated the March program, please see the following article for an example. Doesn't need to be a big chore! Newsletters will be published for Jan/Feb, Mar/April, May, June/July/August and Sept/Oct/Nov. December is club parties and such, we will use emails to communicate if anything comes up. Please also check your Program Book for items. In order to publish I will set the deadlines as follows: **Jan. 10; Mar 10; April 10; July 10 and Sept. 10.** If you've noticed it's already been changed from last newsletter. The May edition will be an in depth look at Music in the Park and what help is needed. Thanks! *Jan Tess, Newsletter*

Growing Lavender Program Wrap Up

On March 22, we combined with the Kewaunee County Garden Club to hear Diane Julian of Door Co. Lavender and Lemon; and Pat Heafy of Lavender Mission Fields.

Each of the 27 attendees received a pruning 'how to' with sketch as well as a lavender sachet, and a heart-shaped lavender goat milk soap.

A lot of lavender information was shared by Diane and Pat. Lavender can be incorporated into recipes, tea, sachets, soaps, bouquets, lotions, oils, air fresheners ... very versatile herb!

Lavender is a member of the mint family. Rosemary is sometimes substituted for lavender. English and French are the most common lavenders.

Thanks to Diane and Pat for a very informative program. We have the 'scent' to remember them!

WAHCE 2021 Conference Report “Reach for the Stars with WAHCE” Stevens Point, WI Sept. 20-22, 2021

I had the honor and pleasure to be one of the representatives of Kewaunee County HCE at the State Conference in Stevens Point in September 2021.

I attended a workshop entitled, “History Comes Alive: Stories of King Veterans Home.” It was very interesting to me because my husband is a veteran. My husband and I have also visited the site.

The workshop was presented by Kim Heltermes, King Veterans Home Historian and author. The Wisconsin Veterans Home at King, Wisconsin, was incorporated in 1887 by the Wisconsin Department of the Grand Army of the Republic. It was initially a retirement home for Civil War veterans and their spouses. It slowly evolved into a health care facility as the original members aged and new veterans arrived from World War I.

Veterans continue to come there to live in these modern times.

Besides telling many stories of the early years of the home, we saw a fascinating pictorial history as well. It was amazing to me to see all the changes that took place over the years in added buildings, changes in the landscape, etc.
